**REQUEST FOR RETURN OF INITIALED PTO-1449 FORMS, COMPLETION

ERROR ON PTO-1449 FORM**

Sir :

While reviewing the Notice of Allowance mailed in the above-captioned application, Applicant noted that the Examiner has inadvertently failed to return completed copies of the PTO-1449 Forms that accompanied the Information Disclosure Statements that were filed with the U.S. Patent and Trademark Office on October 14, 2004 and November 24, 2004. A review of the Patent Office's PAIR system indicates the November 24, 2004 Information Disclosure Statement was entered into the application. However, there is no indication that the October 14, 2004 Information Disclosure Statement was entered. Accordingly, Applicant herewith provides a copy of the previously filed October 14, 2004 Information Disclosure Statement (along with a

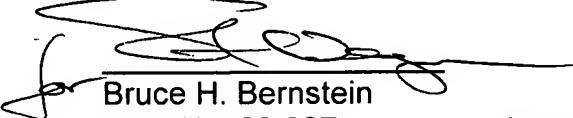

copy of the date-stamped filing receipt evidencing its prior filing). The Examiner is respectfully requested to return completed copies of these PTO-1449 Forms to confirm his consideration of the submitted materials.

Applicant also notes that a typographic error exists on the PTO-1449 Form that accompanied the July 2, 2004 Information Disclosure Statement. Specifically, the inventor's name listed for several documents on Sheets 3 and 4 of the PTO-1449 Forms incorrectly list the inventor as "PLAM", when they should indicate the inventor's name as ---PALM---. Accordingly, the Examiner is respectfully requested to change the inventor's name from "PLAM" to ---PALM---. Applicant encloses a PTO-1449 Form for this purpose.

Finally, Applicant notes that the Examiner cited U.S. Patents 6,163,570 and 6,504,886 in the parent application, but did not make them of record in the present application. Applicant believes that the examiner considered these previously cited documents with respect to the present application.

Should there be any question, the Examiner is requested to contact the undersigned.

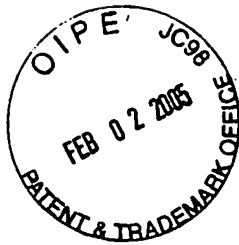

Respectfully submitted,  
Stephen PALM
